EVERA

***EVERA PRE-OWNED EV EARLY  
ADOPTION PROGRAM***

# MY OCTANE IS KILOWATTS!

EVERA Pre-Owned EV Adoption Program is designed to give potential owners an affordable and hassle-free entry point into electric vehicle ownership.

EVERA selects pre-owned models from abroad and delivers them licensed, insured and ready to drive.

The FIAT 500e is a beautifully designed compact EV with proven performance and the ability to withstand the harsh conditions found in the UAE.

FIAT 500e is the emissions free vehicle that generates as much excitement as it does unbridled power. This is a green vehicle that doesn't compromise on

design, performance or personality to achieve environmental compatibility. It delivers all the simplicity and fun of FIAT... minus the CO2

# SOME FEAR CHANGE. OTHERS DRIVE IT.

EVERA selects only the finest pre-owned vehicles that satisfy our high standards and delivers them at an unbeatable price. The vehicles undergo a rigorous inspection process before leaving the origin country. Once imported to the UAE, EVERA will assist in the insurance and registration process so that the vehicle is “drive-ready”.

After the car has been delivered to the end user, EVERA will provide a 6 month comprehensive powertrain warranty and assistance on any issues that may arise.

In addition to the vehicle, EVERA provides the necessary equipment to charge at home, work, and on the go (Dubai has over 400 public charging stations).

# 500e Highlights
